2023 EXPERIENCES

## LEGENDS ON THE NIAGARA

The Legends on the Niagara facility is Canada's premier public golf destination. The grounds feature two championship courses, a par-3 executive course, 360° driving range on 45 acres, state-of-the-art training academy and spectacular clubhouse facilities.

### BATTLEFIELD

The imposing Battlefield course is located on the north side of the Legends on the Niagara property. Golf Architect Douglas Carrick created a truly unique course that challenges every level of golfer.

### USSHER'S CREEK

One of Golf Architect Thomas McBroom's finest masterpieces, this challenging and breathtaking course features thick stands of deciduous trees, wetland hazards, knee-high fescue rough, and impeccable conditioning from tee to green. These all combine to make Ussher's Creek a classic parkland course.

### CHIPPAWA EXECUTIVE COURSE

The Chippawa executive course is the perfect complement to the larger Battlefield and Ussher's Creek courses. Each hole brings a different challenge, and scores worse than par can be made if you miss the green from the Tee.

## WHIRLPOOL GOLF COURSE

---

Whirlpool Golf Course is one of Canada's most highly rated and renowned public golf courses. Opening in 1951, Whirlpool was the final course completed by the legendary course architect Stanley Thompson. This classic parkland course at the precipice of the Niagara River Gorge offers wonderful hole variety and birdie opportunities, a hallmark of Thompson's very best work.

## TAYLORMADE PERFORMANCE CENTRE

---

### BALL FLIGHT ANALYSIS

Using the latest launch monitor technology, our Master Fitter will accurately measure your ball flight parameters, including initial velocity, vertical/horizontal launch angles, spin axis and total spin to recommend the optimal fit for your game. You'll also be able to see your carry distance and total distance in real-time.

### PROFESSIONAL VALIDATION

Test clubs from a selection of hundreds of metalwood and iron shafts, as well as every clubhead TaylorMade has to offer. Professional validation will ensure you find the optimal fit based on initial testing and the trained eye of our Master Fitter.

### CONCIERGE SERVICE

The TaylorMade Niagara Performance Centre will work directly with TaylorMade to ensure that your clubs are ordered promptly and built correctly with the fastest turn-around time in the industry. You're welcome to book complimentary follow-up appointments to check or adjust any specs on your newly fitted equipment even after you've received your new clubs.

### PRIVATE LESSONS

Enjoy private lessons with qualified PGA teaching professionals. Whether you're looking for specialized, private instruction to increase your birdies or you're just beginning to learn the game, the Legends Golf Academy can help you elevate your play to the next level.

## CLUB FITTING SERVICES

---

### TOTAL FITTING - 2 HOURS

This session covers metalwoods, irons, wedges, putter and golf ball. Using launch monitor technology, we take a deep dive into set make-up to ensure all your clubs work together.

### METALWOOD FITTING

Using a launch monitor to capture ball flight data and relevant swing dynamics, every aspect of metalwood performance is analyzed to the finest degree.

### IRON SET FITTING

This comprehensive fitting ensures the best performance out of a set of irons and will have you hitting shots closer to the hole more often.

### SHORT GAME FITTING

In this session, our fitter will take you through testing on a launch monitor, followed by testing for all other important aspects of the short game, ensuring the proper wedge fit.
