2024 STUDENT GROUP PLANNER

EXPERIENCE, EXPLORE & ENJOY NIAGARA PARKS

Niagara Parks was established in 1885 to preserve and protect the land surrounding Niagara Falls and the Niagara River. Travel along the 56-kilometre Niagara Parkway and experience our sprawling parkland, natural attractions, restaurants featuring local fare, celebrated golf courses and restored heritage sites.

Since its inception, Niagara Parks has operated in a self-sustaining manner, as it receives no operational funding from the provincial government. Every dollar you spend at Niagara Parks helps preserve the nature and heritage of the Niagara River corridor.

Education Across Niagara Parks

Take learning beyond the classroom and offer your students the opportunity to explore the wonders of Niagara's rich nature, history and culture in the heart of one of the world's most beloved destinations.

From interactive guided tours of iconic landmarks to hands-on workshops exploring environmental conservation and Indigenous heritage, our educational programs are designed to inspire curiosity and foster a deeper understanding of the world.

Ask us about our tailored educational experiences and leave the planning to us!

Witness stunning seasonal floral displays and collections of orchids, cacti and rare tropical plant species at this lavish indoor garden.

Available as an add-on or individual trip

1 HR

NIAGARA GLEN NATURE CENTRE

3050 NIAGARA PARKWAY, NIAGARA FALLS | AVAILABLE MAY TO OCTOBER

Hike

Take a guided hike through a protected Carolinian Forest, home to over 400 species of flora and fauna. Students will learn about the creation of the gorge and Niagara Falls from the time of the last ice age, see fossils over 400 million years old, and immerse themselves in nature. Hiking tours take approximately 45 minutes to an hour, depending on how fast students hike and any questions they may have. The tour is through a natural environment with unpaved trails. Proper hiking footwear and clothing is a must. Students are encouraged to bring water. Trails are located within the gorge and are accessible only by stairs. Our trails are rated moderate difficulty, but please be aware of physical limitations when booking this tour.

Weather permitting. Hiking tours will not run during the threat of thunderstorms.

Rim Tour

For students with physical accessibility requirements or groups that don't have enough time for a full hike, the rim tour is an alternative option. Bird's eye views of the gorge and Niagara River offer a beautiful backdrop for students as they learn about the creation of Niagara Falls, the gorge, and the powerful Niagara Whirlpool. Learn about the unique landscapes of Niagara, specifically the Carolinian Forest. This walking tour is along the ridge of the gorge and does not descend down the stairs into the forest below. Tour is approximately 30 minutes.

Weather permitting.

Nature Exchange Program

The Nature Exchange began at Science North in 1984 and was adopted by Niagara Parks in 2017. The program is designed to engage students with nature in a hands-on way. Students will learn about fossils, plants, and animals by examining specimens and utilizing research materials. Program is approximate 30-45 minutes and is suitable for grades 6 and up. Maximum Capacity 30 students per tour.

Available Packages

- Niagara Glen Tour
- Nature of Pollinators Tour
- Pick 3 + Lunch Free

1.5 HRS

Permit required for all bouldering in the Niagara Glen. Permits are available at the Niagara Glen Nature Centre or Butterfly Conservatory.

TREE PLANTING

AVAILABLE MAY - OCTOBER

Participating students will have the opportunity to plant deciduous native seedlings known to the Carolinian Life Zone. After planting their seed, each student fills their hole and mulches their area. Your group's planting area will also be GPS-marked to include your group's name.

A Niagara Parks horticultural specialist will meet with your students to prepare their planting location and explain the benefits of the program, such as air quality improvement and offsetting the effects of greenhouse gases from vehicles.

KNOW BEFORE YOU GO

1. Once you receive your trip confirmation, please review our Niagara Parks Terms and Conditions located at the bottom of the page.
2. We require a FINAL count 5 business days prior to your group's arrival. Please email your final count, to include the breakdown of students & adults, so that a final confirmation can be emailed to you. If you fail to provide a final count, the group will be charged for the reserved amount or the actual number in attendance, whichever is greater.
3. Please provide the Teacher Name and/or Group Leader's name & Cell phone number in the event Niagara Parks needs to contact you on the day of your group visit.
4. We require a minimum of 5 business days notice of cancellations. A no-show will be subject to pay the full reservation amount.
5. Payment by school cheque or credit card is required upon arrival at the first Niagara Parks location you are visiting.
6. Please provide a copy of your confirmation to each Teacher and Chaperone/Group Leader attending the trip. It is important that your group adheres to the schedule that has been booked and arrives at their scheduled time.
7. Teachers and Chaperones/Group Leaders are responsible for the orderly behaviour of the students at all times and in all locations.
