

Special Event Application Process

Definitions

The Niagara Parks Commission is an Operational Agency of the Government of Ontario. Governed by a board of Commissioners, Niagara Parks operates under the Niagara Parks Act and associated Regulation 829.

A permit is issued for any event that is considered a public gathering or minor event. In such cases, the total projected attendance does not exceed 1,000 people, has minimal to no equipment installed within Niagara Parks property and exclusivity is not required or limited to a specific date and time. Public Gatherings are further considered as more than 10 people and less than four hours in time.

A Standard Event Agreement is required for any major event defined as any activity that exceeds 1,000 people, is expected to have equipment installed or has an impact to Niagara Parks property or operations and/or may require exclusive or limited exclusive use of an area within the park for any period of time.

Event Application & Approval Process

For NEW events: Applications for minor events or public gathering (as defined above) must be received no later than 3 months before the date of the event. For new major events (as defined above) applications must be received no later than 9 months before the date of the event.

For RETURNING events: Applications for minor events and public gatherings must be received within 3 months of the date of the event although more time is preferred. For major events, applications must be received no later than 6 months before the date of the event or by the date outlined within a previous Agreement.

Niagara Parks Event Application must be completed and filled out with as much detail as possible. Upon receipt of an application, Niagara Parks Staff will determine if the event requires a permit or standard event agreement. Should the event require an agreement, a meeting will be set up to discuss the proposed event in more detail.

Please note: In the case of new event proposals Niagara Parks Staff may be required to submit a report for consideration to the Commission regarding approvals. It is important to ensure that as much information is provided in a clear and concise format about the event along with any and all requests being made of Niagara Parks.

In all cases, Niagara Parks staff will provide a formal quote for the use of the property and outline any service fees that may be applicable. The event organizer is required to pay all venue rental and service fees along with the applicable Harmonized Sales Tax (13%) in advance of the start of the event. All fees are quoted in Canadian funds.

Fees related to a permit are for a specific date and time. There are no rain dates and the fees are non-refundable in the event of cancellation. Events that assigned to a standard event agreement will have payment and cancellation terms outlined.

Permission for the event is for a one time use only unless otherwise agreed to within the standard event agreement and should not be construed as permission for an annual or repetitive event.

Rates & Fees

Standard Venue Rental Fees:

Primary	Any Parkland near the Falls (defined as the area between Hiram Street in the north and Rapidsview Blvd in the south) or any event that sells out a complete Park	\$3,200/4 hrs

- Additional fees for the use of a Pavilion and/or Bandshell and/or where services rendered may apply.
- In the case of a ticketed event, Niagara Parks will retain 18% per ticket sold or the minimum rental fee (whichever is higher).

General Liability and Insurance

The event organizer must maintain liability insurance in the minimum amount of \$5,000,000 (five million dollars) naming The Niagara Parks Commission as an additional insured, however, NPC reserves the right to increase the amount should the size and scope of the project warrant additional coverage. Should additional insurance be required, an outline will be included as part of the official quote presented by Niagara Parks Staff.

As part of the permit process, an event organizer must sign and return Niagara Parks General Release from Liability Form and provide a copy of the participant waiver form (if applicable) before being issued for signing.
