

# TREE PLANTING VIP TOUR

Join us for a unique, eco-conscious tour where you'll plant native trees, visit White Water Walk, and enjoy a delicious lunch - all with private transportation, expert guides, and a meaningful contribution to conservation.

Let us take care of the planning with private bus pick-up at your hotel and a personal Niagara Parks guide.

The **Niagara Parks Tree Planting Program** is part of our commitment to the environment and its sustainable development. Participating guests will have the opportunity to plant deciduous native seedlings known to the Carolinian Life Zone. The planting area will also be GPS-marked to include your group's name.

Your group will plant trees to help offset the carbon footprint of your conference and be a part of Niagara Parks' goal to plant 5,000 trees per year to achieve a 35% canopy cover by 2028. A **donation to the Niagara Parks Foundation** from your organization is included to further support Niagara Parks' environmental stewardship and conservation.

At **White Water Walk**, feel the thrill of being at the river's edge. The class 6 Whirlpool Rapids are some of the wildest in North America. Trillions of gallons of water are forced into this accelerating trough; the sight on this quarter-mile boardwalk will take your breath away!

The tour includes a 2-course lunch at **Whirlpool Pub + Lounge**. Enjoy casual-style cuisine with the option of adding a glass of Niagara VQA wine or a pint of Ontario craft beer for an additional cost.

## INCLUDED BENEFITS:

- Private transportation with hotel pick-up and drop-off
- A Niagara Parks guide escorting your group at each stop
- Tree planting activity guided by a Niagara Parks horticultural specialist
