Queen Victoria Place
RESTAURANT

The stately building now known as Queen Victoria Place was constructed in 1904. Situated north of Table Rock and well back from the edge of the cliff, the structure features a distinctive green copper roof and walls of boulder stones that came from the riverbed just south of the Horseshoe Falls, in an area that had been dried off to allow for the construction of the Toronto Power House.

Over the decades, the structure of Queen Victoria Place was remodeled several times, but much of the original material still exists. The wall of boulder stones that existed as the exterior of the building in 1904 is now a unique feature in the dining room.

In 1948, the upper level was expanded and modernized to provide more suitable accommodations for the Commissioners of Niagara Parks, including an attractive lounge and a new board room. Known as the Commissioner’s Quarters, this floor was “opened up” in 1993 to make it more convenient for larger groups to hold functions there.

Today, entering the 115th year in the heart of Queen Victoria Park. Queen Victoria Place Restaurant offers the very best of Niagara through a locally sourced menu, Niagara VQA wine list and a diverse craft beer menu.

CHEF SIDNEY KRICK

Born and raised in the Niagara Region, Chef Sidney's career began 30 years ago at the Prince of Wales Hotel in Niagara-on-the-Lake. A small artisan cheese plant nestled within the rolling hills of Gunn’s Hill Road in Oxford, Ontario. This small-scale artisan cheese plant is the result of years of dreaming and planning by owner, operator and cheese maker Shep Ysselstein.

Fogo Island Fish
Fogo Island is a small island located off the Northeast coast of Newfoundland & Labrador. The cod is cold (as in really cold) water fish - they are caught in the same currents that bring the icebergs in from Greenland. The cod is processed within hours of being caught by cooperatively owned processing facility on Fogo Island. These products are available to chefs only and come directly from Fogo Island and are known as the “Canadian fish for Canadians”.

Enviro Mushroom Farm
Enviro grows, packs and markets varieties of specialty mushrooms in the most up-to-date and environmentally controlled facilities. The certified organic specialty mushrooms grown at the Enviro’s hygienic computer-controlled growing and packing facilities ensure the mushrooms grow in ideal conditions and always stay fresh and clean.

Zephyr Organics
Zephyr has been growing certified organic vegetables for 21 years, now on their third-generation family-owned farm. Over 100 acres of certified organic vegetables, fruits and herbs are grown in their fields and greenhouses. Zephyr relies on crop rotation, covering crops, companion planting and composting to respect the environment, protect biodiversity, minimize waste, and keep their soil nutrient rich.

Sweet & Sticky Ice Syrup™
A wholly natural and distinctive Canadian product derived from Vidal and Cabernet grapes varieties. Ice Syrup is a unique, one-of-kind food product with unlimited versatility, endless applications and the ability to morph flavours and enhance foods both as a stand-alone food/beverage condiment or an ingredient in multiple food applications.
