# NIAGARA PARKS

GROUP PLANNER

A young man and woman are smiling and leaning over the red metal railing of the Whirlpool Aero Car. They are looking down at the turbulent, greenish water of the Niagara Whirlpool below. The background shows a lush, green forested gorge with a red building visible on a distant hill. The sky is bright and slightly hazy.

100  
YEARS

The mesmerizing Niagara Whirlpool churns where the gorge makes a sudden turn, forcing the river through its narrowest channel. Soar high above it in an antique cable car.

## Experience, Explore, & Enjoy Niagara Parks

The vision of Niagara Parks is to preserve a rich heritage, conserve natural wonders, and inspire people world-wide. Its mission is to protect the natural and cultural heritage along the Niagara River for the enjoyment of visitors while maintaining financial self-sufficiency.

From its inception in 1885, The Niagara Parks Commission has operated in a self-sustaining manner, as it receives no operational funding from the provincial government. Every dollar you spend at Niagara Parks helps preserve the nature and heritage of the Niagara River corridor.
